BUSINESS DISCOUNT PLAN, INC.  
NOTES TO REVIEWED FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JULY 31, 1995  
SEE ACCOUNTANT'S REVIEW REPORT

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

BASIS OF ACCOUNTING

The Company's policy is to prepare its financial statements using the cash basis of accounting. Consequently, certain revenues are recorded when received rather than when earned, and certain expenses and purchases of assets are recorded when cash is disbursed rather than when the obligation is incurred.

COMPANY'S ACTIVITIES

Business Discount Plan, Inc., formerly Trans National Telephone, Inc., was incorporated on August 18, 1992 under the laws of the State of California. The Company's owner, Mr. Thomas David Jenkins, acquired from the AT&T Specialized Markets Division, a Distributive Network Service Contract by purchasing a tariff from that company. The Company's initial contract with AT&T provided for a minimum duration of three years and a minimum amount of AT&T services of \$100,000 per month. The Company subsequently sold its original contract to Midcom Communications, Inc. in August 1994. See Note 6.

The Company began to work to acquire a new network services contract in October 1994. During March 1995, a new distributive network service contract was finalized for a period of three years by purchasing another tariff from AT&T which guaranteed \$100,000 a month in services to AT&T.

AT&T provides a tape to Profitec monthly at a cutoff point on approximately the 28<sup>th</sup> of the month. Profitec has the responsibility for rating all the calls received on the tape from AT&T that are to be billed to Business Discount Plan's Customers. The rating involves organizing the phone calls made and calculating the fees charged to the various customer specified by Business Discount Plan.

Profitec then sends a computer tape to U.S. Billing, Inc. (USBI). USBI goes through a series of edit processes and organizes the tape by Local Exchange Carrier (LEC). USBI advances 70% of a determined amount after certain holdbacks to Business Discount Plan, Inc. and provides information to each LEC. An example of an LEC might be Pacific Bell in Southern California. The LEC reimburses USBI for the purchased accounts receivable after holding back a reserve for bad debt loss. Business Discount Plan is reimbursed for additional monies collected each subsequent week based on collections by USBI. The Company earns its profit from the difference in the amount billed to customers as compared to the amount paid to AT&T under its Distributive Network Service Contract.

As of July 31, 1995, the Company had a receivable from USBI of \$367,699 and a payable to AT&T of \$285,830 for its Distributive Network Service. The receivables from USBI are difficult to value and uncertain of collection. Likewise, the amount due to AT&T is also subject to audit and dispute regarding various items. If the Company had reported the receivable from USBI and the payable to AT&T, as of approximately July 31, 1995, the Company's net profit would have increased by approximately \$81,869 and income taxes would have had to be accrued thereon.

Other than the receivable from USBI for billings to customers and the payable to AT&T for the Distributive Network Service Contract, the Company had unrecorded liabilities for regular payables amounting to approximately \$50,000 as of July 31, 1995.

The Company uses a related company named National Marketing Center, Inc., to acquire customers for its phone service plan. National Marketing Center, Inc. is owned 100% by Mr. Thomas David Jenkins.

Business Discount Plan reimburses National Marketing Center, Inc. for its expenses.

#### COMPANY LOCATION

The Company is located in Irvine, California.

#### COMPANY OWNERSHIP

The Company is 100% owned by Thomas D. Jenkins.

#### INCOME TAXES

The Company is organized as a Subchapter C Corporation, and pays federal income tax using a graduated rate table from 15% to 35% on federal taxable income. The Company is liable for various state income taxes as it operates in approximately 30 states.

#### PROPERTY AND EQUIPMENT

Assets are recorded at historical cost. Depreciation is computed using the straight line method based on the estimated useful lives of the related assets. Expenditures for maintenance and repairs are charged to expense as incurred whereas expenditures for renewals and betterments are capitalized. The cost and related accumulated depreciation of assets sold or otherwise disposed of during the period are removed from the accounts. Any gain or loss on disposition of assets is reflected in the year of disposal.

---

INTERLATA/INTRALATA  
TELECOMMUNICATIONS SERVICE**

On 3/29/96, Business Discount Plan, Inc. filed an application and petition with the Arizona Corporation Commission ("Commission") for a Certificate of Convenience and Necessity to provide competitive interLATA and intraLATA resold telecommunications services, except for local exchange services, throughout the State of Arizona at the rates and terms specified in the tariffs filed with the application. The Company's application and petition is available for inspection during regular business hours at the offices of the Arizona Corporation Commission in Phoenix, Arizona at 1200 West Washington Street and at 3780 Kilroy Airport Way, Suite 200, Long Beach, California 90806.

Interested persons shall have twenty (20) days from the publication of this notice to file objections to the application and petition. The law provides for an open public hearing at which, under appropriate circumstances, interested parties may intervene. Intervention shall be permitted to any person entitled by law to intervene and having a direct and substantial interest in this matter. Persons desiring to intervene must file a written motion to intervene with the Commission within twenty (20) days from the date of publication of this notice. This motion should be sent to the Company or its counsel and to all parties of record, and which, at the minimum, shall contain the following:

1. The name, address, and telephone number of the proposed intervenor and of any party upon whom service of documents is to be made if different than the intervenor.

2. A short statement of the proposed intervenor's interest in the proceeding (e.g., a customer of the Company, a shareholder of the Company, a competitor, etc.).

3. A statement certifying that a copy of the motion to intervene has been mailed to the Company or its counsel and to all parties of record in the case.

The granting of motions to intervene shall be governed by A.A.C. R14-3-105. The granting of intervention, among other things, entitles a party to present sworn evidence at hearing and to cross-examine other witnesses. However, failure to intervene will not preclude any interested person or entity from appearing at the hearing and making a statement on their own behalf.

If you have any questions concerning this application, or want information on intervention, you should contact the Consumer Services Section of the Commission by calling 1-800-222-7000.
